

BlitzDocs®

Driving digital collaboration and igniting mortgage processing speed

Move to next-gen mortgage document management

BlitzDocs® is the industry's benchmark solution for mortgage document collaboration. This secure, intelligent, cloud-based collaborative platform accelerates loans throughout the entire lifecycle, from origination to post-closing to servicing. BlitzDocs delivers advanced paperless capabilities with tremendous flexibility for streamlining configurations to unique workflows and integrating across multiple systems — driving efficiency and reducing costs in mortgage operations.

The BlitzDocs electronic loan folder (eFolder) mirrors the traditional loan folder while offering an extreme advantage over paper-based processes — enabling authorized parties to securely access, view, sign, share, electronically ship and archive mortgage loan documents.

With BlitzDocs, lenders gain:

Immediate ROI

Ignited efficiencies with parallel processing and inter-LOB collaboration

Reduced compliance risk through integrated eDisclosures

Lower overall mortgage processing costs

Quick, web services integration with multiple portals and data systems — easily coupled and de-coupled

Features:

- On-demand, cloud-based Software-as-a-Service (SaaS) model
- Minimal up-front investment
- Configurable model that adjusts to changing workloads
- Parallel processing and intelligent collaboration
- Security/access by tier, role and workflow
- API integration with existing or legacy in-house, or third-party systems

Using BlitzDocs, lenders can quickly and securely process documents, speed review time and ensure compliance while enabling their borrowers to stay informed throughout the process with 24/7 mobile and web access.

Rapid functionality:

- Paperless origination and submission
- Electronic disclosure and signature
- Image-based underwriting/validation
- E-delivery to closing agents
- Online due diligence and quality control
- E-delivery to investors
- Single point of reference for servicing
