Care Transformation Services

As one of healthcare's leading medical information management technology providers, we deliver customized assistance to clients in improving their Care Transformation Services to achieve the clinical, operational, and financial targets necessary for success in the world of value-based care.

Whether you are a first mover in Medicare Shared Savings, a commercial ACO, or just beginning to test the waters, we can assist you in implementing the necessary tactics that align with your overall strategy. With shrinking reimbursements, efficiencies are of paramount importance and our experts stand prepared to deliver best-in-class process improvements.

How We Help

Outcomes Management & Value Based Care

• Utilize data from all available sources to manage quality of patient care across the continuum

• Evaluate clinical performance, including projection of financial risks tied to

Care Coordination

• Maximize utilization of Midas data solutions to identify strength of case management program

• Evaluate resource management and utilization patterns to manage efficiencies

Regulatory Compliance

• Proactive compliance assessments to ensure penalty avoidance

• Recovery experts assure development of acceptable plans of correction including key metrics for monitoring progress

Patient Safety/Risk Management

• Evaluate processes of care to identify gaps that leave the organization vulnerable to claims

• Proactive risk assessments to reconcile current practices with evidence-based best practices and industry standards

Midas focuses on helping clients understand how to utilize data solutions to make informed decisions, how to improve their clinical outcomes, and how to continue to monitor and manage improvements.

Our team of experts include executive level clinicians, including a Chief Medical Officer, Registered Nurses, Quality/Risk and Patient Safety Professionals, Nurse Informaticists, and Software Architectures.

"Any intelligent fool can make things bigger, more complex, and more violent. It takes a touch of genius – and a lot of courage – to move in the opposite direction."

– E. F. Schumacher

About Conduent

Conduent is the world's largest provider of diversified business process services with leading capabilities in transaction processing, automation, analytics and constituent experience. We work with both government and commercial customers in assisting them to deliver quality services to the people they serve.

We manage interactions with patients and the insured for a significant portion of the U.S. healthcare industry. We're the customer interface for large segments of the technology industry. And, we're the operational and processing partner of choice for public transportation systems around the world.

Whether it's digital payments, claims processing, benefit administration, automated tolling, customer care or distributed learning – Conduent manages and modernizes these interactions to create value for both our clients and their constituents. Learn more at **www.conduent.com**.
