

THE WAY FORWARD

**Benefits engagement
technology that
works for everyone.**

Meet Jellyvision, the makers of ALEX.

THEN

An educational media company, then achieved success by producing games like *You Don't Know Jack* and *Who Wants to Be a Millionaire*.

Jellyvision's foundation was formed on the idea that people can't learn if they're not paying attention.

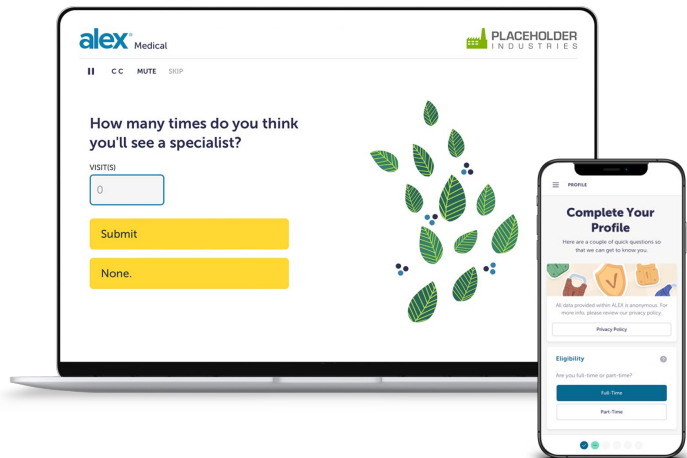

TODAY

The makers of ALEX, the only benefits engagement platform backed by behavioral science and powered by data-driven predictive analytics.

Helping make informed connections between complex health benefits and the people who need them, enabling HR teams and their benefits partners to keep employees—and the business—healthy.

alex[®] helps everyone get more out of their benefits.

Give employees the confidence they need to make the right decisions.

TECHNOLOGY EMPLOYEES TRUST

Builds a stronger connection with your employees by providing tools to promote inclusion and foster employee trust

DATA-DRIVEN DECISION SUPPORT

AI-powered technology and predictive analytics provide employees with transparency into why a specific plan makes the most sense for them

ROOTED IN BEHAVIORAL SCIENCE

Drives behavior change by tackling underlying factors that cause confusion and presenting information in a way that keeps employees engaged

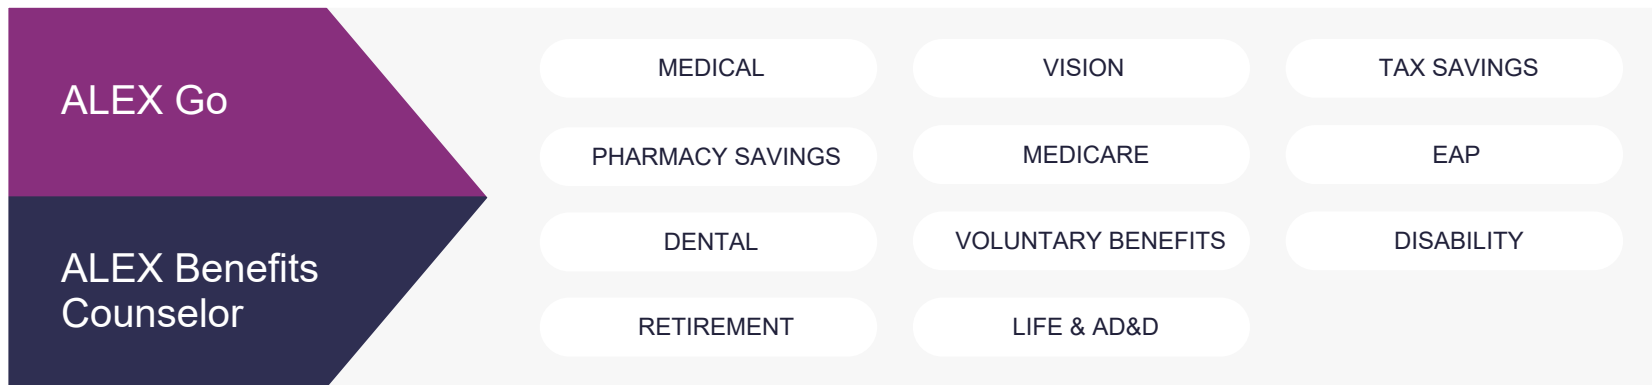

Creating continuous engagement starts with **alex**®.

ALEX COVERS IT ALL

A personalized experience for every employee in choosing their best -fit benefits.

ALEX explains your rich benefits offerings and gives employees the freedom to choose their own interactive learning path.

Choosing benefits is hard. ALEX makes it easy.

alex is the most interactive,
hyper-personalized benefits
experience on the market.

Powered by predictive analytics.
Strengthened by behavioral science.

WHAT MAKES ALEX BETTER THAN THE REST

User-first design rooted in behavioral science principles and powered by predictive analytics

Interactive, conversational, and hyper-personalized benefits recommendations

In-depth education and engagement throughout the entire employee lifecycle

Empowered decision making for HR teams via comprehensive reporting tools

Accessible anywhere and anytime with multiple ways to interact with ALEX

NEW TO ALEX

Introducing ALEX Medicare.

You think regular employee benefits are confusing? Medicare benefits are even more confusing. *Like, way more.*

With so many plans to choose from, and endless resources to search through, we know it can be hard to find the right resources to share with your employees when it comes to Medicare.

But Medicare education doesn't need to be difficult or confusing.

That's where ALEX Medicare comes in.

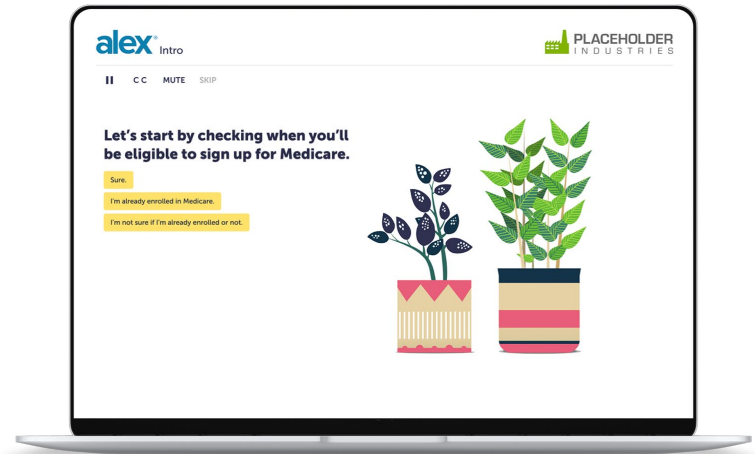

ALEX MEDICARE

Just like Benefits Counselor. Only for Medicare.

ALEX Medicare helps employees navigate through the vast sea of information that lives in the Medicare world. Now, they can have a one-on-one conversation to learn about:

- Medicare eligibility and enrollment dates
- How Medicare works with Employer Sponsored Insurance (ESI)
- Medicare coverage options and costs

And, it's completely unbiased. No hidden agendas—just comprehensive Medicare education.

Thank you!

Jellyvision.

IMPLEMENTATION OVERVIEW

Within 30 days and several hours of your time,
you will have a personalized app up and running!

1

PLAN & STRATEGIZE

- Kick-off meeting
- Discuss scope and introduce launch form
- Align on communications strategy
- Finalize launch date

2

COMPLETE LAUNCH FORM

- Gather requirements
- Submit launch form

3

BUILD & TEST THE EXPERIENCE

- We'll build your app
- Review the app using your demo credentials
- Test and perfect

4

COMMUNICATE & GO LIVE

- Educate employees
- Reminders

5

BE EMPOWERED TO ENGAGE

- Ongoing push notifications
- Get set up for success

WITH THE RIGHT SUPPORT...
